Dear Motti,

It was a pleasure talking with you. Moreover, I was profoundly moved by your humane, thoughtful and compassionate approach. I know it is precious and highly unusual. I will not forget it.

In addition, thank you so much for the special effort that you are ready to make in order to help us with our special circumstances. I cannot tell you how much I appreciate everything.

With gratitude - and sincere admiration for maintaining such humane standards.

Best wishes.

*Touss Adashi*
