Attention: Dina Aharon

Dear Dina,

I would like to thank you for the amazing service your company provided me, shipping my entire life from New York to Israel. As an Olah Chadasha, it is very important for me to have all my things here with me in Israel, so that I can start a new life here with everything I need.

Your excellent service and helpfulness made this difficult task of shipping my whole life to Israel seem almost easy. Everything was done in a timely fashion and most importantly - all my goods arrived to Israel in the same condition as they were when I shipped them from New York. This was extremely important to me since my studio is made up of highly delicate, electronic equipment.

I want to give you my deepest and most sincere thanks and appreciation for the amazing work you and your company have done, to make this move to Israel easy and simple.

Thank You!

Diana Dubrow
